Marie Skłodowska-Curie actions

Opportunities for Organisations and Individual Researchers

Maria Tsivertara
Directorate-General Education and Culture

National Documentation Centre,
Athens, 22 April 2016
MSCA Objective:
Ensure the optimum development and dynamic use of Europe’s intellectual capital in order to generate new skills, knowledge and innovation

Budget 2014-2020: €6 162 million
€756.5 million in 2016 for all calls together
MSCA - Key features

- Open to all domains of **research and innovation** from basic research up to market take-up and innovation services;
- Entirely **bottom-up**;
- Participation of **non-academic sector** strongly encouraged, especially industry and SMEs;
- Open to researchers at **all career stages** and flexible funding periods;
- **Mobility** as the key requirement - funding on condition participants move from one country to another;
- No **nationality** or **age** restrictions;
- Promotion of attractive **working** and **employment conditions**;
- Particular attention to a **quality of opportunities**;

</tbody>
</table>
What **can** be funded?

1) **Costs of researchers/fellows and seconded staff**
   - Living allowance or Top-up allowance
   - Mobility allowance
   - Family allowance

2) **Organisational costs for host institutions**
   - Research, networking and training costs
   - Management and indirect costs

*The living allowance base rate is multiplied by Country Correction Coefficient – for Greece 92.7%*
Which MSCA should you choose?
You are an individual researcher
Opportunities for individual researchers

• As a researcher I want to...
  ✓ Undertake a **project** in Europe or outside Europe;
  ✓ Spend my time at **leading labs**; Opportunities to work and train with the best researchers in Europe and worldwide;
  ✓ Be part of a well-established and **prestigious programme**;
  ✓ Benefit from **good working conditions**: employment contracts, full social security, very competitive salaries etc.*;
  ✓ Work with **businesses**;
  ✓ Be part of an **exchange**...
  ✓ Access to top level conferences, **professional** associations & Marie Curie Alumni;

... **Marie Skłodowska-Curie Actions!**

• *European Charter for Researchers and code for conduct for recruitment; the Democritus University of Thrace has signed it.*
Opportunities for individual researchers

Compare to researchers in general:

- **Short-term employability**
  - MSC fellowships are very effective in improving fellows’ short-term employability;
  - MSC fellows are some 8% more likely of obtaining a permanent position after the fellowship;
  - MSC fellows are more likely to obtain an ERC grant;

- **Retention by hosts**
  - MSC fellows are some 11% more likely to be retained by hosts, especially after long fellowships.
Opportunities for individual researchers

Early-stage Researchers (ESR)
Less than four years of research experience and no doctoral degree

Experienced Researchers (ER)
At least four years of research experience and/or a doctoral degree
You are a host organisation
Opportunities for host organisations: who can participate?

**Academia**
- Public or private **High Education Institutions** awarding academic degrees
- Public or private **non-profit research organisations**
- International **European interest** organisations

**Business and non-academia**

_Broad definition:_ Any socio-economic actor not included in the academic sector definition

- **Industry**
- **SMEs**
- **Other socio-economic actors**
Host organisations
Choose your level of involvement

Focus on core business & short- to medium-term research agenda

- Recruit one or more researchers during their entire fellowship IF, ITN
- Build around a common research project RISE, ITN
- Get co-funding for your doctoral or fellowship programme Cofund

Start getting involved

- Host secondments RISE, IF
- Provide specific training modules ITN, Cofund

Develop medium- to long-term collaborations around a common strategy

- Gain and transfer knowledge/expertise through staff exchange
- Take part in shaping the training of researchers you would like to hire
- Develop a European Industrial Doctorate with academic partner(s) from another country
Individual fellowships - Main Features

- Only for experienced researchers;
- Focus on career development, not necessarily experience;
- Open to hosts from both academic and non-academic sectors;
- Can include 3 – 6 months at another organisation anywhere in Europe ("on secondment");
- **Mobility:** Applicants must not have resided or carried out their main activity in the country of the host organisation for more than 12 months in the 3 years immediately prior to the call deadline;
- Separate multidisciplinary panels for Society & Enterprise (€10m earmarked budget), Career Restart, and Reintegration – all with the same special mobility rule;
- Duration: **2 years** (Global Fellowships: **3 years**). 
Outgoing phase – 2 years

Return phase – 1 year
IF – Society and Enterprise Panel

• The objective is to encourage non-academic organisations to host individual fellows;

• Most requirements common to other European Fellowships;

• Beneficiary only from non-academic sector;

• Mobility rule = not more than 3 years in the last 5 years in the country of the beneficiary;

• Dedicated budget of 10 EUR million;
IF Reintegration Panel

Return and reintegration of researchers into a longer term research position in Europe;

- Separate multi-disciplinary reintegration panel (RI);
- Researchers must be a national or long-term resident of EU or AC;
  - Long term resident: at least 5 consecutive years of research activity in one or more EU Member State or AC;
- Mobility rule different: Applicants must not have resided or carried out their main activity in the country of the host organisation for more than 36 months in the 5 years immediately prior to the call deadline;
  - Mobility into Europe is essential.
IF - Career Restart Panel

- Multidisciplinary panel to provide financial support to individual researchers who wish to resume research in Europe after a career break (e.g. after parental leave, working outside research, etc.).
- For refugees covered by the 1951 Refugee Convention (Geneva Convention), the refugee procedure (i.e. before refugee status is conferred) will not be counted as ‘period of residence/activity in the country of the beneficiary’. This is regardless of whether he/she was active in research at that time.
- The experienced researcher must have undertaken a career break in research, i.e. he/she must not have been active in research for at least 12 months immediately prior to the deadline for submission of proposals (corresponding to the period 15 September 2015 to 14 September 2016).
- Whether or not the researcher has been active in research is determined on the basis of fellowships or employment contracts in the domain of research.
COFUND

- Co-funding new or existing **regional, national, and international** programmes;
- **Fellowships** programmes (ER) or **Doctoral** programmes (ESR);
- **Mono-beneficiary**: any organisation funding or managing doctoral or post-doctoral programmes; could be universities, research centres, industries etc.; signs the grant agreement;
- **Partner organisations**: could be universities, research centres, industries etc.; do not sign the grant agreement;
- **Minimum** living allowance fixed in the Work Programme; No correction coefficient applies in the living allowance;
- EU contribution to co-fund living allowances for researchers and management costs;
- Budget for 2016 call: **€ 80 Million** (Doctoral Programmes: 30 Mio).
COFUND Fellowships Programmes

- MSCA COFUND fellowships projects offer 'post-doc' positions similar to the IF;
- Employment contracts with full social security;
- Minimum which hosting organisations should pay their COFUND fellows: 3675 €;
- All positions are advertised on the European Researcher Mobility Portal EURAXESS http://ec.europa.eu/euraxess/jobs ;
COFUND Doctoral Programmes

- MSCA COFUND projects offer PhD candidate-level positions similar to those in an ITN programme;
- Employment contracts with full social security;
- Minimum monthly rate which hosting organisations should pay their COFUND fellows: 2597€;
- All positions are advertised on the European Researcher Mobility Portal EURAXESS http://ec.europa.eu/euraxess/jobs;
ITN
Innovative Training Networks

- Raise excellence and structure research and doctoral training;
- Trigger cooperation and exchange of best practice among participants;
- Enhance researchers' employability and provide them with new career perspectives;
- Only for early stage researchers;
- Fellowships of 3-36 months;
- Project duration up to 4 years;
- Maximum 540 person-months (EID: 180);
- Budget for 2016 call: €370 Million (EID: 25 Mio, EJD 28 Mio)
ITN – 3 modes of implementation

✓ **ETN - European Training Networks**
  • at least **3 beneficiaries** from **3 different EU MS or AC**. Above this minimum any country can participate;

✓ **EID - European Industrial Doctorates**
  • at least **2 beneficiaries** established in **2 different MS or AC**;
  • At least **one beneficiary** must be entitled to **award doctoral degrees** and at least **one beneficiary** must come from the **non-academic sector**, primarily enterprise;
  • Each researcher - enrolled in a doctoral programme and spend **at least 50%** in the non-academic sector;
  • The **joint supervision** of fellows by supervisors from each sector is **mandatory**;

✓ **EJD - European Joint Doctorates**
  • at least **3 beneficiaries** from **different EU MS or AC** which are entitled to award doctoral degrees;
  • creation of **joint doctoral programmes**, leading to the delivery of joint, double or multiple doctoral degrees.
RISE
Research and Innovation Staff Exchange

- Common research and innovation project;
- International and inter-sector transfer of knowledge and sharing of ideas and of R&I culture;
- Staff member – at least 6 months at the sending institution;
- Secondments from 1 to 12 months;
- Project duration up to 4 years;
- Maximum 540 person-months;
- No correction coefficient applies to the top-up allowance;
- Budget for 2016 call: €80 Million;
RISE – Eligibility Conditions

• At least 3 independent participants in 3 different countries

• At least 2 participants from 2 different MS/AC

• If all in MS/AC: at least 1 academic and 1 non-academic

In addition:
- All Countries can participate in RISE;
- All nationalities can participate in RISE;
- All institutions fulfilling the requirements of the Horizon 2020 Rules for Participation can participate in RISE;
- No mobility rules* for RISE;

* Only inter-sector secondments within Europe;

No secondments between institutions located outside Europe or within the same MS/AC

On top of minimum of three organisations other may participate. The average number of participants in RISE is 8.
Examples: Intra-European Exchanges
Examples: Europe-Third Countries Exchanges

Secondments from a TC to a MS/AC are not always eligible for EU funding but all of them must be described in the proposal.

Hints for a successful Proposal

Before you start preparing your proposal

- Read carefully the Work Programme, at least the part that interests you the most;
- Read more than carefully the Guide for applicants;
- Provide the evaluators with evidence for your claims, but avoid external resources (links to websites etc.);
- Graphics and charts can be very helpful, but don’t overdo it! Make sure they are readable in black & white;
- Page limit 10 pages (for IF) and 30 pages (for ITN and RISE) to be absolutely respected.

- Take also note of the following...
Hints for a successful proposal

- Proposal should make the evaluators' "life" easier (consistent, well-written, "built" around the award criteria);
- The evaluators may not all be world experts in exactly the area of your proposal – avoid using very specific jargon and acronyms!
- Provide the evaluators with evidence for your claims, but avoid external resources (links to websites etc.);
- Graphics and charts can be very helpful, but don’t overdo it! Make sure they are readable in black & white.
- Check the English with a native speaker if possible.

- Take also note of the following...
Hints for a successful IF Proposal

- Explain the contribution that your project is expected to make. Your project should be innovative and original. **It cannot look like a continuation of a PhD.**

- Demonstrate the expertise of the host institution as well as the expertise of the scientific in charge in the field of research you want to explore. Information must be given on **host's expertise in training experienced researchers** and capacity to provide mentoring/tutoring.

- Describe how this project will **contribute to your own career.** The potential of the fellow to acquire new competencies should be clearly described.

- Find a successful proposal (Google also helps – “Part B”).
• Structure of the Proposal

Part A
