

Greek Participation in the Research Infrastructures Programme of FP7

Costas Stefanidis, Fotis Karayiannis

Research Infrastructure Programme Committee Members

Outline

- The Research Infrastructures (RI) area
 - DG Research part – Research Infrastructures
 - DG INFSO part – e-Infrastructures
- Greek participation in RI calls
- Overall assessment

The research infrastructures area

- The research infrastructure programme is co-managed by two General Directorates:
 - [Directorate General for Research \(DG RTD\)](#) ,
 - Directorate B: European Research Area: Research Programmes and Capacity, Director Robert-Jan Smits
 - [Unit B3: Research Infrastructures](#), Head of Unit Herve Pero
 - [Information Society and Media Directorate-General \(DG INFSO\)](#)
 - Directorate F: Emerging Technologies and Infrastructures, Acting Director, Mario Campolargo
 - [Unit F3: GEANT & e-Infrastructures](#), Head of Unit Mario Campolargo, Deputy Head, Kyriakos Baxevanidis

The research infrastructures area (2)

- Each DG is responsible for its part:
 - DG RTD:
 - “Optimise the use and development of the best research infrastructures in Europe”
 - “Create new research infrastructures of pan-European interest in all fields of science and technology”
 - DG INFSO:
 - Promoting electronic infrastructures (e-Infrastructures) for e-Science
 - GEANT PanEuropean Research Network, Grid and Super computing facilities, Data repositories, Support Actions

European Strategy Forum
on Research Infrastructures

Greek participation – 1st call

Project participation

- Call FP7-Infrastructures-2007-1
 - 1.1. Support to existing research infrastructures
 - 1.1.2 ICT based e-Infrastructures
 - Participation in 6 projects (D4SCIENCE , DRIVER-II, DORII, FEDERICA, NMDB, SEE-GRID-SCI), 2 of which GR coordinated (DRIVER-II, SEE-GRID-SCI)
 - 1.2.Support to new research infrastructures
 - 1.2.1 Design studies
 - Participation in 1 project, EGI_DS
 - 1.2.2 Construction of new infrastructures – ESFRI preparatory phase
 - Participation in 12 projects, another 3 without contract participation
 - 1.3 Support to policy development and programme implementation
 - Participation in 4 projects (EuroRIs-Net, NuPNET, ERA-Instruments, LASERLAB EUROPE CONT) one of which GR coordinated (EuroRIs-Net)

Greek participation – 1st call

Funding

- Call FP7-Infrastructures-2007-1
 - 1.1. Support to existing research infrastructures
 - 1.1.2 ICT based e-Infrastructures
 - Participation in 6 projects: Budget 2.580.764, EC contrib 2.032.577
 - 1.2. Support to new research infrastructures
 - 1.2.1 Design studies
 - Participation in 1 project: Budget 288.734, EC contrib 171.636
 - 1.2.2 Construction of new infrastructures – ESFRI preparatory phase
 - Participation in 12 projects: Budget 5.003.934, EC contrib: 3.184.023
 - 1.3 Support to policy development and programme implementation
 - Participation in 4 projects: Budget 502.846 , EC contrib: 467.378
 - **TOTAL: 8.376.278, EC contrib: 5.855.614**

Statistics 1st call

- 25 out of 38 proposals funded: ~65,8%
 - Of which 3 out of 9 proposals GR coordinated: ~33,3%
- 34 institutes participated in the approved projects out of 53 institutes in the proposals: 64,1%
 - EC contrib percentage 69,9%: (5.855.614/8.376.278)

2nd call

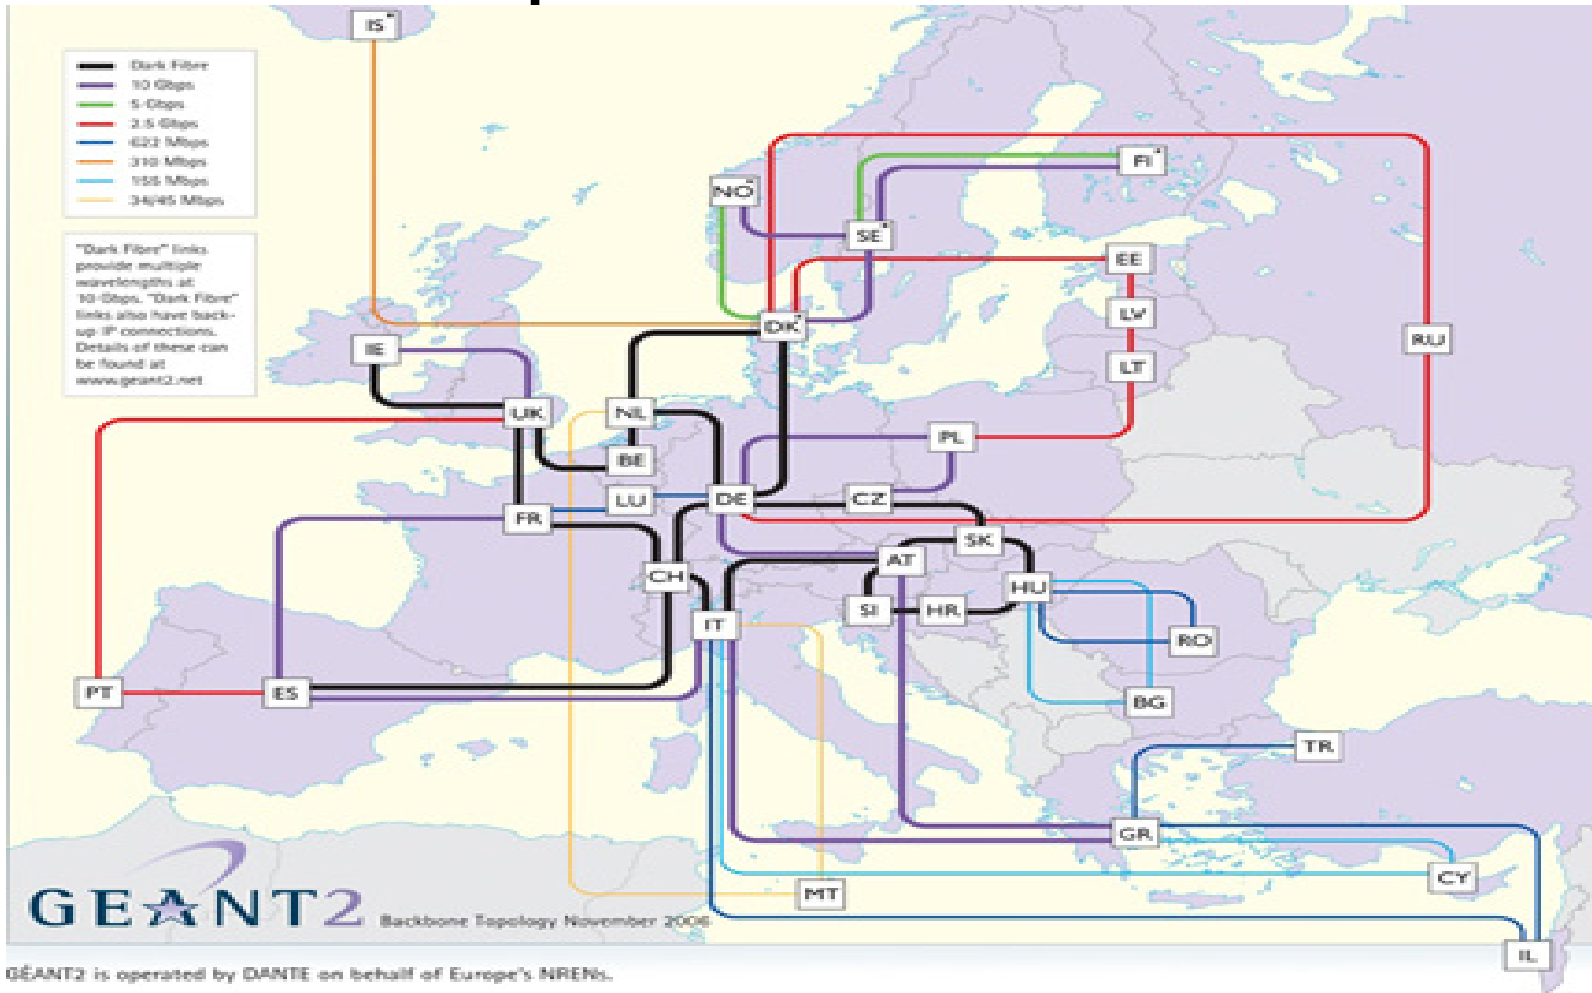

- Related only to *e-Infrastructures (DG INFSOM)*
- Statistics are not yet compiled
- Greek participation in:
 - EGEE-III (Enabling Grid for EsienceE-III)
 - LinkSCEEM (Linking Scientific Computing in Eastern Med)
 - BSI (Black Sea Interconnection)
 - BELIEF-II (Bringing Europe's eElectronic Infrastructures to Expanding Frontiers)
 - e-IRGSP2 (e-IRG Support Programme)
 - 6DEPLOY (IPv6 Deployment and Support)
